(57) **ABSTRACT**

A carrier for articles has a main body (10) with one or more engagement means (28) for receiving one or more indicators (40, 60). The indicators (40, 60) have one or more contrasting colors compared to the color of the main body (10). The color or shape or both of the indicator provides the user with information regarding the articles, carrier or characteristics of the articles or carrier.
